

**MODIFICATION REQUEST
RADIOACTIVE MATERIALS OR RADIATION GENERATING EQUIPMENT**

Complete this form if you wish to modify an existing approved "Application to Use Radioactive Materials or Radiation Generating Equipment". E.g., add additional isotopes or techniques, change storage or use locations, add the use of radiation generating equipment, add Authorized Users.

Submit the request to the Radiation Safety Committee at researchcompliance@neomed.edu. Allow at least 3 weeks for processing. Only typed/word-processed forms will be accepted.

1. Name of Authorized Investigator:

Telephone:

Email:

2. Check any additional isotopes that you wish to add (indicate activities in millicuries per year):

^3H Activity (in mCi):

^{14}C Activity (in mCi):

^{32}P Activity (in mCi):

^{35}S Activity (in mCi):

^{125}I Activity (in mCi):

Other (identify below)

Isotope: Activity (in mCi):

Isotope: Activity (in mCi):

Isotope: Activity (in mCi):

3. Briefly describe any additional technique(s) that will be used and the form of the isotope. (Or attach product instructions or journal reprint describing the technique.)

4. Indicate any changes in locations where isotopes will be used or stored.
